The Petitioners beg to state as follows:

The Petitioners have been granted sites in Survey No. 77 of Kethmarnahalli Village, Bangalore North Taluk in the year 1948 and they have been living in houses for which the Government have given grant out of amelioration fund. The houses have been built according to the plan sanctioned by the City Improvement Trust Board. It is since five years that the residents have been experiencing great hardships and inconveniences for want of light, water, road and other facilities.

That the residents are all Adikarnatakas who are only depending upon Mill cooly and other hard jobs, which is hardly sufficient to maintain themselves in these hard days. It was with great strain and efforts that the houses were built by them.

The Petitioners have been urging the authorities of the City Improvement Trust Board to give them amenities such as light, water, road and drainage for some time past, without charging them

--2

them anything for effecting such improvements since they are very poor.

But the authorities of the City Improvement Trust Board have been demanding to pay the lay out charges for which the Petitioners are pleading their inability.

Wherefore the Petitioners most humbly pray that the benign Government be pleased to direct the authorities of the City Improvement Trust Board, Bangalore, to give the amenities as stated above to the said Colony without charing them to pay lay out charges.

To

The Commissioner,
Corporation of the City of Bangalore,
(thro' the Mayor)

Sir,

Subject: Sri Gopalaswamy Iyer's Colony in Sriramapuram

- - - -

With reference to your letter No.A4.48/54-55 dated 18th May 1954 on the above subject, I am directed to state that the residents of the colony who are Adikarnatakas have been urging for a long time that civic amenities such as lights, water, roads drainage etc., may be provided in the area as they are put to great hardship and inconvenience for want of these facilities. They are all poor people who can ill afford to meet the cost of any improvement work in the area. In the interest of their health in particular and in the interest of the health of the residents of the adjoining localities in general, it is necessary to take concrete steps to better the prevailing unhealthy conditions in the locality.

In these circumstances, I am to request you to see that the bare civic amenities are provided in this colony early.

Yours faithfully,

SD/V.Hanumanthappa/
